

FLIGHT SOLUTIONS FOR EVENT ORGANIZER

THIS IS BERWAYS

BERWAYS is a globally active special and charter airline based in Berlin. Since our founding in 2024, we have been flying our own course, thinking differently, and constantly evolving. We organize fan flights for sports clubs and flights to special events worldwide - whenever scheduled flights are not available, do not offer sufficient capacity, or special flexibility is required. However, our core business is charter flights, where we have established ourselves as a premium provider.

Our independence enables us to operate with particular flexibility and agility in the market and to respond quickly to trends. This allows us to arrange individual charter flights at short notice and also make our aircraft available to other airlines - a sign of the trust that numerous renowned partners place in us. We also cooperate with selected airlines worldwide, ensuring that we always have sufficient capacity and can operate flights around the globe.

Flying should not be just a means to an end: we see ourselves as hosts, welcoming our guests warmly on board and making sure they feel comfortable.

OUR STANDARDS

SAFETY FIRST

We do not compromise on safety. It takes precedence over cost-effectiveness and punctuality. Flight operations in accordance with EASA, regular audits, and selected suppliers are essential components of our safety first policy.

EFFICIENCY

Through precise control of our business processes, targeted use of resources, optimized time management, and continuous investment, we operate efficiently, offer fair prices, and ensure high quality without resorting to unnecessary cost-cutting measures.

QUALITY

As a premium special and charter airline, we define quality. Modern aircraft, a comfortable atmosphere on board, and a friendly crew, combined with professionalism and a solution-oriented approach, define BERWAYS.

HIGHLIGHT

EVENT FLIGHTS

As the market leader in the segment of event flights with individual seat sales, BERWAYS takes care of the entire organization and processing, from booking to execution. This allows event organizers to concentrate on their core tasks: planning and executing the events. A prerequisite for event flights is the conclusion of a charter agreement with BERWAYS for the respective flights. The flight revenue from individual seat sales, for which BERWAYS is the contractual partner of the passengers, is paid to the client after deduction of an agreed commission. In this way, flight expenses can be offset directly against revenue.
